How to install Sophos product(Sophos Security software) on university-owned PC
【For Windows Operating Systems】

IMPORTANT NOTICE
- Please do the procedures ** inside the campus **.
  Especially, when you install Sophos, you are required to connect your PC to the campus-LAN, directly. You cannot complete the installation procedure outside the campus by use of SSL-VPN.
- You can start installation of Sophos in March, 2020.
  (We do not need to mind its licence issue.)

Notes:
　1) Please UNINSTALL SEP software before installation of Sophos.
　2) The installation procedure of Sophos is possible only inside
　　　the campus, in order to exploit TTInstaller service.
　3) Installation procedure of Sophos for individually-owned PC
　　　is different from that for university-owned PCs.
　4) Installation procedure of Sophos is different for some of
　　　university-owned PCs. Please refer another guide(s) provided
　　　from the corresponding department(s)/section(s).

As described 5.8 ～ 5.10 restart the computer after Exit TTInstaller.
